# Platform

The trailer for those who think more broadly

→ PL: Platform

→ PL HD: Platform HD

 **WORKS FOR YOU**

[WWW.SARIS.NET](http://WWW.SARIS.NET)

## For every skilled professional

The SARIS Platform is ideal for transporting long items, large volumes and vehicles. This includes anything from pallets and beams, to planks and steel profiles. Loading goods is easy thanks to the large surface and low standard load floor as well as the collapsible and removable side boards.

The SARIS Platform trailer has been developed and specially tested for use in by the everyday professional. The well thought through options and accessories make the SARIS Platform trailer suitable for any purpose and user.

Discover the possibilities of the SARIS Platform trailer.

## Unique features of the SARIS Platform:

- ✓ Lowered loading floor as standard
- ✓ Designed for long items and large volumes
- ✓ Extremely easy to install high cover
- ✓ SARIS Safety drive-on ramps with locking function help avoid dangerous ramp situations. Convenient handles included.
- ✓ Concealed lashing points with sound-absorbing rubber for flat loading
- ✓ 800 daN lashing points, net hooks and rope hooks
- ✓ Welded completely by robots with hot-dip galvanised chassis
- ✓ Easy to load thanks to 4 collapsible and removable side boards
- ✓ Available with a large load capacity of up to nearly 3000kg
- ✓ Very wide range of choices
- ✓ Sleek and robust black edition model (panels, floor and rims)
- ✓ Can be fitted entirely with LEDs
- ✓ Proven quality thanks to computer design, practise testing, test track and laboratory endurance tests
- ✓ Tri axle version for stability and heavy loads
- ✓ As standard with 15 mm wooden floor out of one piece Finnish birch wood

Usable length  
Min 206 cm - Max 406 cm

Usable width  
Min 150 cm - Max 204 cm

Usable height  
Sides 30 cm, optional: 35 cm sides

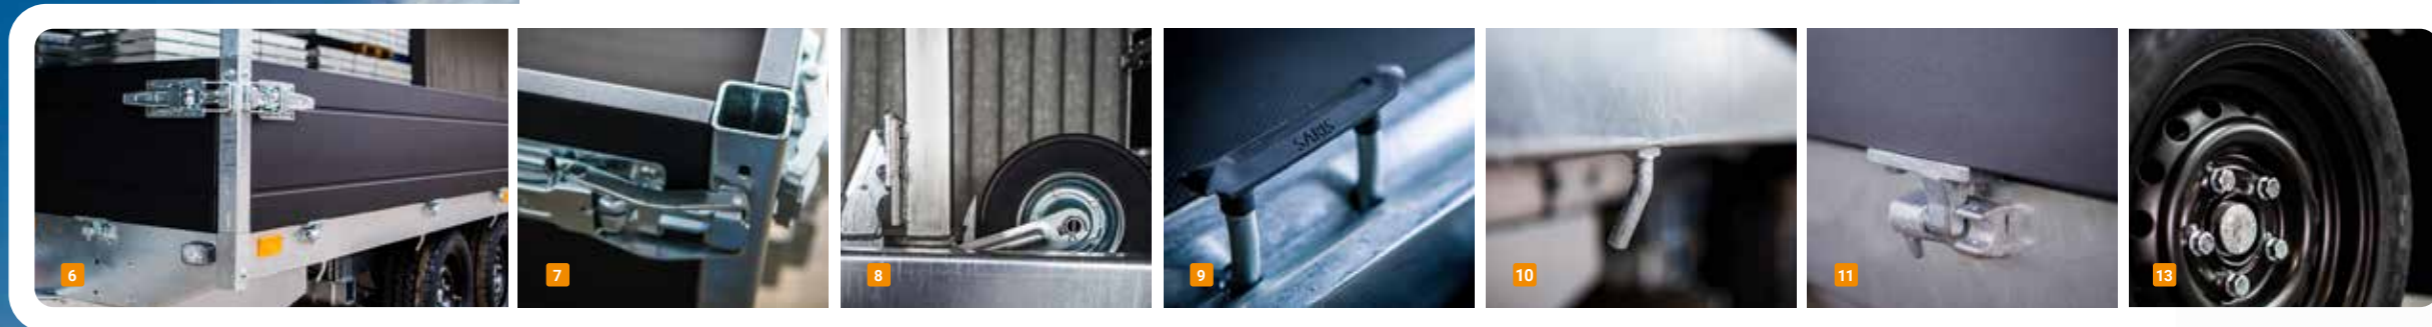

Weight  
Min 1350 kg - Max 3500 kg

SARIS Platform PL 406 204 3500 3 with high cover

 **WORKS FOR YOU**

# The SARIS Platform comes with following equipment as standard:

- 1 Lowered loading floor
- 2 Full welded frame (Sleeve profile)
- 3 More than 200 robot weldings
- 4 Mega stiff and torsion-free chassis
- 5 Full bath galvanized chassis
- 6 High strength aluminum sides
- 7 Aluminum sides with pk-fasteners
- 8 Strong jockey wheel
- 9 Anti-noise 800 daN hooks
- 10 Rope-hooks
- 11 Mesh hooks on hinge
- 12 Dark waterproof, 15 mm thick floor plate
- 13 195/50R13 tires with M+S coding and steel valves

# SARIS Platform Heavy Duty

Back in the SARIS program and stronger than ever, the SARIS Platform Heavy Duty. The Platform Heavy Duty (HD) is stronger as standard thanks to the (hidden) structure in the frame of 10 cross beams and 4 main beams. This Platform Heavy Duty can transport the most extreme loads; from loose raw materials such as sand and stone, to heavy equipment such as construction machinery.

Of course, if you go out with the Heavy Duty every day, you must be able to rely on it one hundred percent and be able to handle it easily. It has a lower loading floor and a practical ball coupling. It is also prepared for ramps as standard. Add the practical to the super strong and voila, you have a trailer with which and on which you can build on.

[WWW.SARIS.NET](http://WWW.SARIS.NET)

**3**  
**YEAR FULL WARRANTY!**  
**OUR STANDARD**

The new PL 506 can rightly be called the founder of the completely new Heavy Duty segment within the SARIS product line. It does not just happen that a trailer becomes a Heavy Duty: these are the real tough guys for the really heavy work. Always designed as a 3.5 ton vehicle, fully welded chassis with the latest welding robots and equipped with LED lighting as standard.

## This makes the SARIS Platform Heavy Duty unique:

- ✓ Fully welded and hot-dip galvanized frame with 10 cross beams and 4 main beams
- ✓ Integrated ramp gutters
- ✓ Linked axles
- ✓ Completely equipped with LED lighting
- ✓ Steel fenders
- ✓ Strong expansion supports
- ✓ Standard U-profile for ramps
- ✓ Winch support holder on two sides

Usable length  
**506 cm**

Usable width  
**Min 204 cm - Max 224 cm**

Usable height  
**35 cm sides**

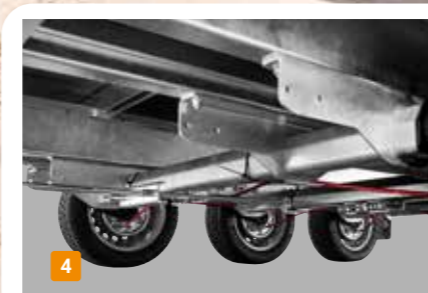

Weight  
**Max 3500 kg**

 **WORKS FOR YOU**

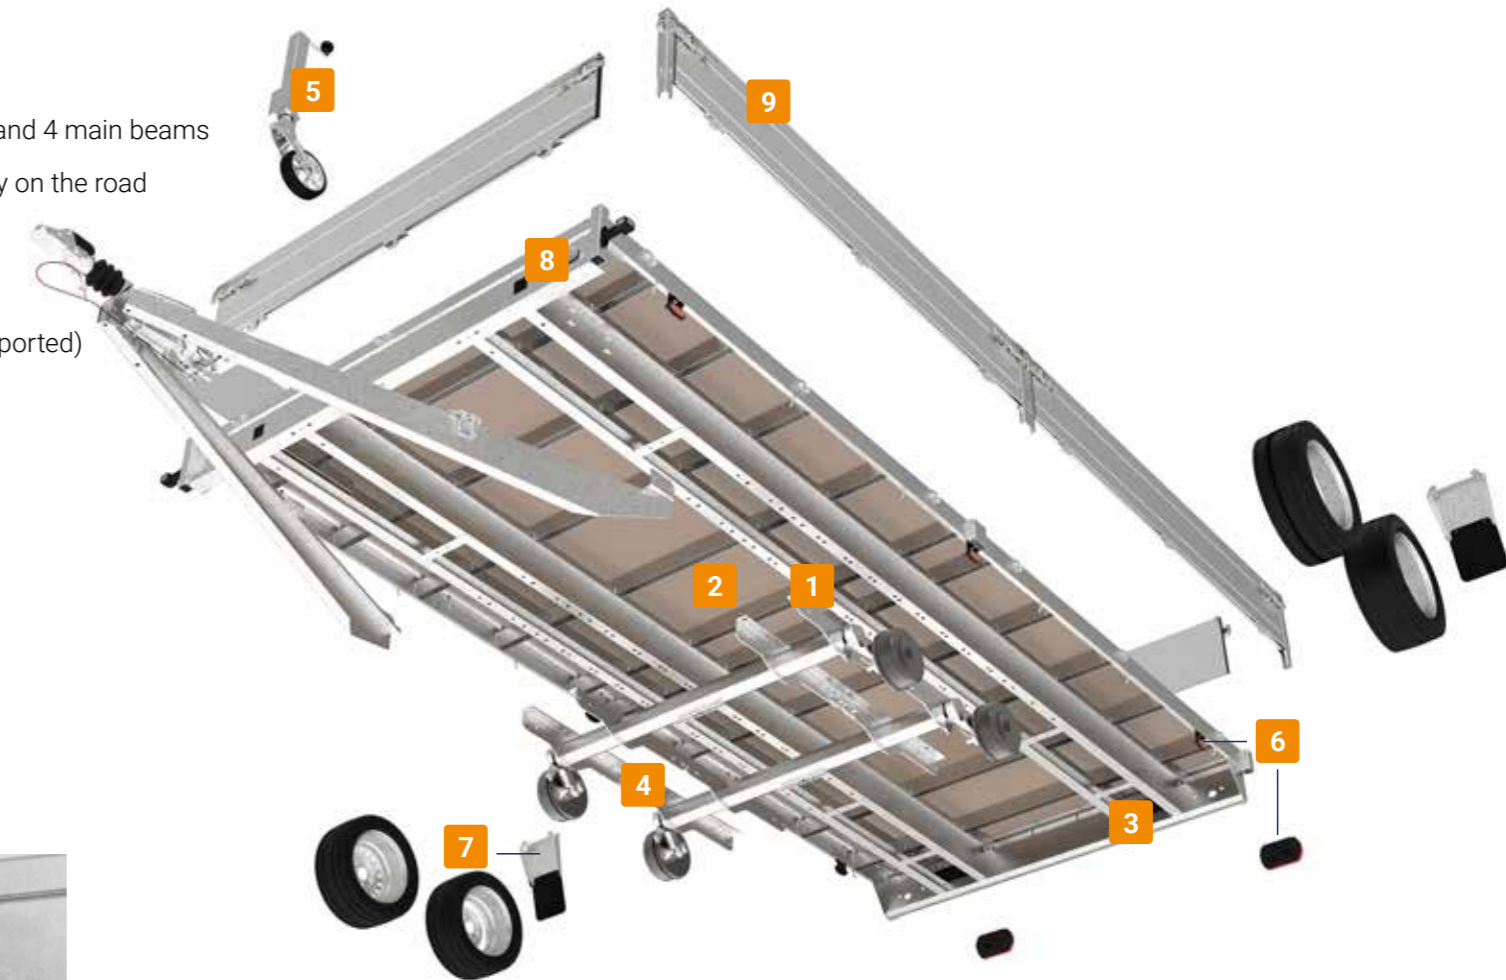

## This is what really strong looks like

This Platform trailer has been completely newly developed by our engineers. With robust and precise welding from the latest welding robots for continuous quality. Assembled by professionals. The end result? A robust trailer that can withstand quite a lot and is also practical to use. With this SARIS Platform Heavy Duty, no job is too tough!

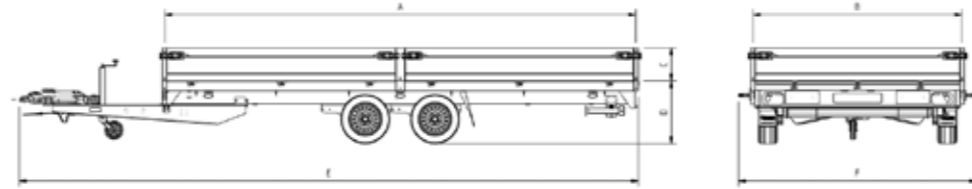

## The SARIS Platform Heavy Duty is standard equipped with:

- 1 Heavy Duty chassis: 10 cross beams and 4 main beams
- 2 Low floor for loading ease and stability on the road
- 3 Integrated ramp gutters
- 4 Linked axles
- 5 Heavy Duty jockey wheel (500 kg, supported)
- 6 Full LED lighting
- 7 Steel fenders
- 8 Winch support holder on two sides
- 9 Board set 35 cm

## Choose the SARIS Platform Heavy Duty that suits you!

Do you need a tandem or tridem axle? Do you want a standard width or would you prefer something a little wider? Choose the size that suits you best. Each size is available with aluminum or black boards (Black Edition).

Your SARIS dealer:

## Commitment

### Commitment

Our entire trailer production process is characterised by commitment. We work continuously on improving our trailers, based on experience, expertise and craftsmanship. Reliable products made by a reliable company. This has been our culture for more than 60 years and it produces top quality and clear agreements with customers and suppliers.

## Cooperation

### Cooperation

SARIS builds trailers and works on long-term relationships with suppliers, dealers and end users. We have confidence in our business contacts and listen to them. This cooperation produces innovative products, with which we help our partners to be successful. Customers and dealers are of central importance at SARIS and they can always depend on the best service and quality.

## Craftsmanship

### Craftsmanship

SARIS trailers are manufactured by craftsmen, for craftsmen. The foundation for this is a well-thought-out design, with a keen eye for detail and design. We use only the best materials and make quality products in accordance with certified processes. A SARIS trailer is built for you to move mountains.
