SARIS Machine-Transporter

The SARIS Machine-Transporter is a multifunctional trailer that you as a (professional) craftsman can rely on. Day in day out. Its low loading floor makes it ideal for transporting small excavators and cranes, mini loaders or lawn mowers. The robustly designed mud guards lets you step in and out of the trailer easily.

The Machine-Transporter can also be used as a classic trailer with its solid side boards combined with the optional rear board. The SARIS Machine Transporter: An indestructible and versatile tool for any job!

This is what makes the SARIS Machine-Transporter stand out:

- ✓ Unique chassis with beams integrated in the axles
- ✓ Small drive angle due to low loading floor for easy access
- ✓ Easy entry and exit via mudguards
- ✓ Integrated anti-slip profile on mudguards guard (stepable)
- ✓ Can be used as a platform trailer with its 30 cm sides
- ✓ Functional trailer with an eye for detail and design
- ✓ Constructed with high-quality materials
- ✓ Fully welded frames

SARIS Multitransporter

The SARIS Multitransporter has a super-sized loading area and low loading floor. In combination with the SARIS Safety drive-on ramps, this trailer is the perfect solution for transporting different vehicles as well as a wide variety of materials. The collapsible tie-down rails on 3 sides also make it very easy to load larger quantities using a forklift. The tipping model allows the option of hoisting vehicles extra low on the trailer and by using the optional adjustable winch you can lift a vehicle onto the SARIS Multitransporter in no time. The tipping model also offers the option of a completely aluminium drive-on ramp. The SARIS Multitransporter trailer has been specially developed and tested for use by everyday professionals.
